

Staging

- ◆ 4' x 4' standard deck sizing stacks and stores easily
- ◆ 3/4" 11 ply exterior black plywood is finished on both sides
- ◆ Plywood is reversible allowing you to flip when one side becomes used
- ◆ Optional 5/8" exterior plywood with gray carpet also available
- ◆ Roto-locks can be accessed from either the top or bottom of the deck
- ◆ Compatible with most other 4'x4' systems
- ◆ Deck Capacity - 160 psf

Size	Description	Wt./ lbs.
Black Plywood Square Decks		
SL44	4' x 4' Deck	74
SL24	2' x 4' Deck	48
SLC45	4' x 4' 45 Corner Deck	49
Curved Decks		
SLC44R	4' x 4' Corner Deck	55
SLC4L	4' Deck - Left	32
SLC4R	4' Deck - Right	32
Carpeted		
SL44C	4' x 4' Deck	73
SL24C	2' x 4' Deck	51
SLC45C	4' X 4' 45° Deck Corner	52

4'x4' Stage Deck (SL44)

Diagonal angle supports give frame additional support.

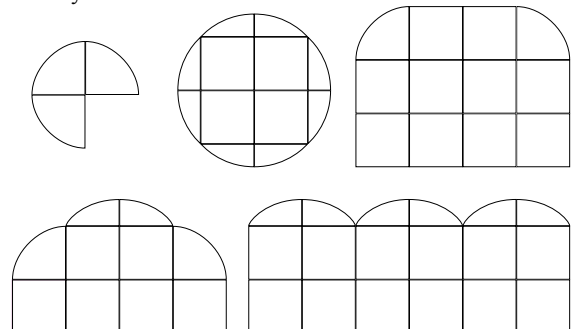

(A) Roto-locks (shown with T Handle Wrench) fasten decks together to form an integrated unit.

(B) Connecting clips allow for easy installation and enables decks to be offset.

Stage Configuration Samples

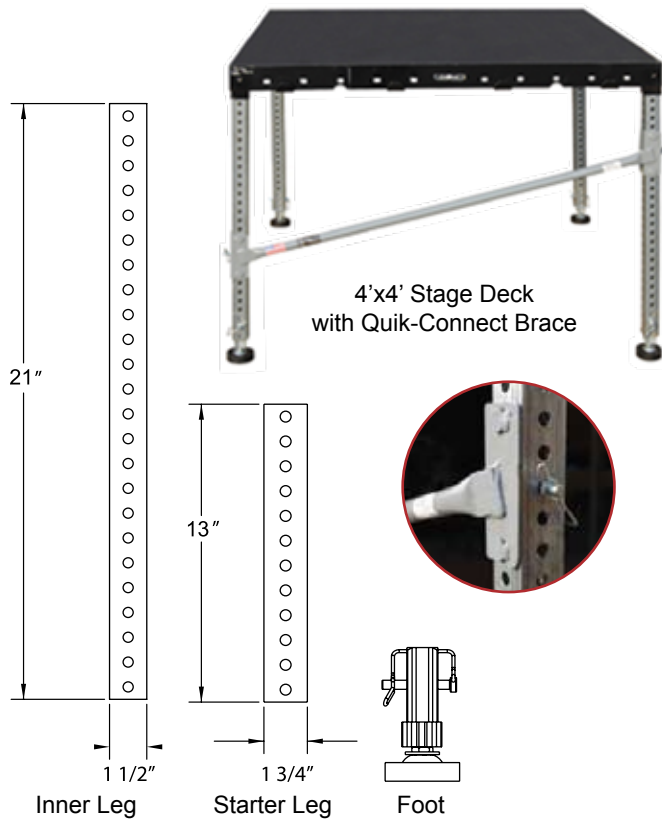

Although the possibilities for stage layouts are virtually endless, here are some sample layouts to help give you an idea for your future stage. Everything from a basic rectangle or circle, to more intricate shapes with curves and runways.

Additional Parts		
Item #	Description	Wt./ lbs.
SSTH	T Handle Wrench - 5/16"	1
SSTHEX	Extender Handle for T Wrench	2
SN	2" Snap Pin	1
SSDS	Deck Screw	1
SSDSC	Deck Screw Clip	1
SSTS	Thumb Screw	1
SSRS	Riser Socket with Hex Nuts	2
SSROTO	Replacement Roto lock w/ bolts & nuts	1

Stage Legs, Feet & Braces

- ◆ Starter and adjustable legs are drilled in 1" increments
- ◆ The foot is non-marring with fine adjustment
- ◆ Unique telescopic leg design offers maximum stage adjustment
- ◆ The Quik-Connect brace is held in place with only 2 snap pins
- ◆ The diagonal brace adds stability to stage deck heights above 24"

Item #	Description	Wt./ lbs.
Square Galvanized Starter (Outside) Leg - 1 3/4"		
SS17506	6" Leg (Stage Ht, 8")	1
SS17509	9" (Stage Ht, 11")	2
SS17512	12" (Stage Ht, 14")	2
SS17513	13" (Stage Ht, 15")	3
SS17518	18" (Stage Ht, 20")	3
SS17524	24" (Stage Ht, 26")	5
SS17530	30" (Stage Ht, 32")	6
SS17536	36" (Stage Ht, 38")	7
SS17548	48" (Stage Ht, 50")	9
Square Galvanized (Inside) Leg - 1 1/2" Used for adjustments. 6" must be retained for connection with starter leg.		
SS15012	12" (adds up to 6")	2
SS15018	18" (adds up to 12")	3
SS15021	21" (adds up to 15")	3
SS15024	24" (adds up to 18")	4
SS15030	30" (adds up to 24")	5
SS15036	36" (adds up to 30")	6
SS15048	48" (adds up to 42")	7
Non-Marring Adj Base Foot (Snap Pins Included)		
SSBFS	Short Stem	2
SSBFL	Long Stem	3
Quik-Connect Diagonal Braces (Snap Pins Included)		
SSBR46SD	Starter Brace (gray) - Use on legs with 46" spacing	8
SSBR48D	Continuous Brace (black) Use on legs with 48" spacing	8

Adjustable Stairs

- Most versatile stair on the market
- Integrated handles and locking feature make the stairs easy to carry and transport
- Stairs fold down to less than 12" tall for storage
- Code compliant, when used at recommended stage heights
- Handrails included

Adjustable Stairs		
Item #	Description	Wt./ lbs.
SS3STR1232	3 Step Package w/ Hand Rail Adjustable from 12" to 32"	132
SS5STR2048	5 Step Package w/ Hand Rail Adjustable from 20" to 48"	175
SS8STR3272	8 Step Package w/ Hand Rail Adjustable from 32" to 72"	300

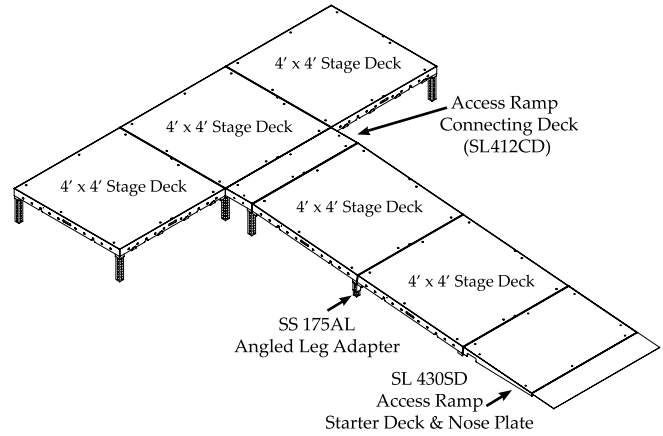

Three step Stair Unit (SS3STR1232)

Access Ramp

Due to the unique design the stage, the use of only a Starter Deck and Connecting Deck permits a ramp of any length to be assembled using standard stage decks to complete it. The angled leg adapter used with regular legs makes this possible. 1" Rise to 12" run. (1:12 pitch). Guard rail packages are available, call for details.

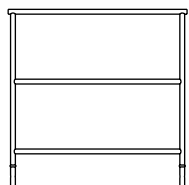

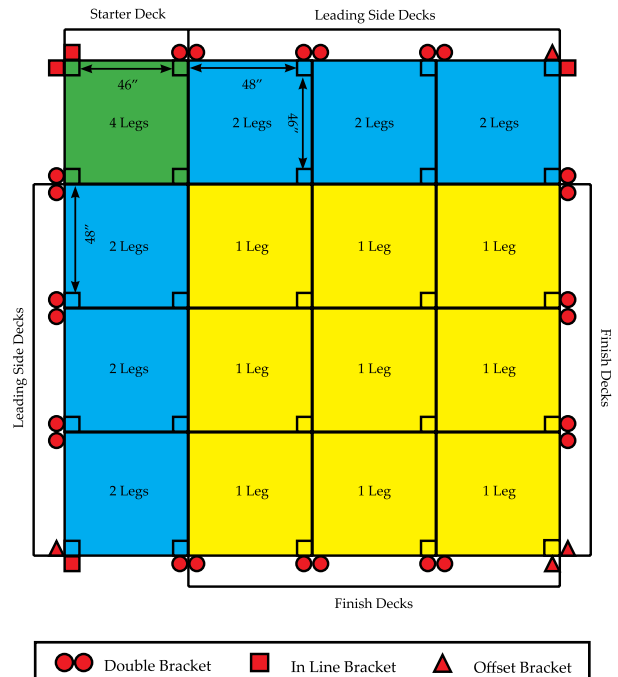

Access Ramp		
Item #	Description	Wt./ lbs.
SL430SD	4'x30" Access Ramp Starter Deck*	68
SL412CD	4'x12" Access Ramp Connecting Deck*	30
SS175AL	5"x1 3/4" Angled Leg Adapter	1.5
SSRTH	Stage End Hand Rail Section	9
SSRIH	Intermediate Hand Rail Section	12
SSRBH	Starter Deck End Hand Rail Section	17
SSRHPI	Intermediate Side Hand Rail Post	7
SSRHPS	Starter End Hand Rail Posts Assembly	16
SSBR48H	Horizontal Brace 4' spacing with U-Bolt	7.5

*Ramp assembly uses standard 4' x 4' decks between the connecting and starter decks. No special 4' x 4' decks are needed.
