

All products created with your logo

Custom couture table covers are form-fitting table covers manufactured out of a spandex/polyester stretch fabric. Machine washable, couture table covers create a sleek contour fit, eliminating wrinkles in the fabric and smoothing the overall look of the table cover. Their stretch-fit design eliminates the chance of wind moving the cover, making these covers great for outdoor use.

Great For Trade Shows, Conventions, Point of Purchase, POP, Conferences, Exhibitions, Promotion Events, Shopping Centers, Retailers and Much More. Great for indoor or outdoor use, will not blow away. Sleek contour fit eliminates wrinkles.
