100% Polyester, Warp-Knit Fabric

High Quality Dye-Sublimation Printing

Double Needle Stitching

Polyester Pocket

Hand-Cut Blade Shape

Celina Flags are constructed of 100% Polyester, warp-knit fabric. Graphics are added using Dye-Sublimation, a printing process that dyes the polyester through a combination of heat and pressure. After each flag is hand-cut to the correct form, it's then hemmed on the edges to prevent fraying. A 500 denier polyester pocket is then added to allow the flag to attach to the pole. Using a double needle stitch provides great strength and durability to these flags.

Rectangle Flags

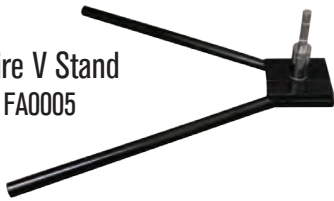

- 2' x 3' - Single Side or Double Side
- 2.5' x 4' - Single Side or Double Side
- 3' x 5' - Single Side or Double Side
- 4' x 6' - Single Side or Double Side
- 5' x 8.3' - Single Side

Celina offers a variety of display options for our custom printed flags. Whether you need a secure method of flying flags out-of-doors with our flag anchor pins or tire stands, or need a steady base for indoor flag usage, we offer several selections to suit your needs. Celina even offers wall mounts for adding flags to buildings and attachments for our Fast Shade line of tents. In addition to anchors and mounts, replacement poles for all sizes and styles of flags are available.

Wheel / Tire V Stand
Item # FA0005

X Stand
28" x 32"
Item # FA0003

Water Weight Bag
Item # FA0002
