

All tents created with your logo

White Background with Full Color Logo
Full color logo centered on tent top's four peaks and valances leaving a white background.

Full Color Digital Print
Printed design on entire tent top and valances.

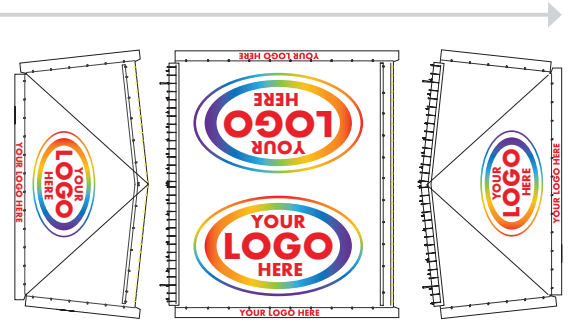

One Piece

A One Piece Tent Top is a fabric cover manufactured to a specific size and therefore can't be lengthened. Smaller tent tops, typically less than 1,500 square feet, are 1 piece construction as they can be handled by 2 people.

Sectional

A Sectional Tent Top is where the fabric portion of a tent consists of 2 or more fabric units that are combined at lace lines or seams to create a large single tent top. Sectional tent tops are expandable to any desired length by adding mid sections.

Tents with Printed Graphics

Envision the fabric top as a blank canvas for your design logos, graphics, and/or message. Your custom tent graphics can be placed on the following canopy, shelter, structure and tent tops. WE ARE THE MANUFACTURER and our customized printed tent & canopy selection is second to none. Printing is integrated in to Celina's manufacturing process, ensuring high quality and timely delivery to meet your mobile marketing needs.
